- NHS Number
- Community Health Index Number (the number held by Practitioner Services Divisions to register patients).
- Full forename(s) and surname. (**Full** first forename is far more helpful than an initial)
- Sex
- Exact Place of Birth
- Address as at 29.9.39, if applicable
- Present Home Address
- GP's name and address
- Whether patient is alive or dead (if dead give date and place of death)

*** During 2005, the policy for supplying National Records of Scotland (NRS) formerly General Register Office for Scotland (GROS) with 'white copy' death certificates changed, and we can no longer available offer this service**

If you wish to request a death certificate for a patient in Northern Ireland, this should be done by contacting the Northern Ireland General Register Office directly. Their address is:
